

Statement on Signing the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1994

October 21, 1993

Today I have signed into law H.R. 2493, the "Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1994."

The bill makes a significant shift in priorities by funding \$745 million of my investment proposals, including full funding of the investment proposals for the Food Safety and Inspection initiative and for the Food and Drug Administration.

The Congress has also adopted my goal to phase in full funding for the Special Supplemental Food Program for Women, Infants and Children (WIC). This bill provides \$3.2 billion for WIC, an increase of 12 percent over FY 1993.

The bill includes significant funding for my Rural Development initiative, which will provide grants, direct loans, and loan guarantees for rural residents, communities, and businesses, as

well as for inducements to promote economic development.

I commend the Congress for making further progress toward reform of price-support programs for honey, wool, and mohair as recommended by the National Performance Review. The bill suspends honey subsidy payments for the 1994 crop of honey; however, payments on the 1993 honey crop will be made in FY 1994.

I am pleased that the removal of employment floors will facilitate my objective of reducing Federal employment.

WILLIAM J. CLINTON

The White House,
October 21, 1993.

NOTE: H.R. 2493, approved October 21, was assigned Public Law No. 103-111.

Statement on Signing the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 1994

October 21, 1993

Today I have signed into law H.R. 2518, the "Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 1994."

This Act provides funding for the Departments of Labor, Health and Human Services, and Education, the Corporation for Public Broadcasting, and several smaller agencies. Programs within these agencies address the training and employment needs of our Nation's work force, the Federal role in our education system, and fundamental elements of our health care network.

This Act provides funding for a number of my high-priority investment proposals within the Departments of Labor, Health and Human Services (HHS), and Education. These include the Head Start program, Goals 2000 program, School-to-Work program, Immunization grants, and the National Institutes of Health.

The Act provides funding for investment initiatives for automation and disability processing within the Social Security Administration (SSA). This will help SSA improve the quality of service to millions of Americans.

I am pleased that the Act provides a large increase in funding for programs authorized under the Ryan White CARE Act. Programs authorized under this Act represent major steps forward in the battle against the AIDS epidemic.

WILLIAM J. CLINTON

The White House,
October 21, 1993.

NOTE: H.R. 2518, approved October 21, was assigned Public Law No. 103-112. This statement was released by the Office of the Press Secretary on October 22.
